Plas Dol-y-Moch
Do you know any one who has been to Dol-y-Moch? Are you going this year with the school?
A day in the life of ...... Plas Dol-y-Moch

If you have never been there this is the beautiful old house where some of the pupils stay.
Pupils and staff help at meal times and making sandwiches for the day.

There are lots of other jobs to do and clear instructions are given so everyone knows what is expected.
The centre provides the equipment needed to do the outdoor activities. Pupils need to look after the boots and clothes.
Being close to the sea is great. A trip to Criccieth includes scavenging in rock pools and a trip to the castle.
North Wales is famous for its Slate Mines. Going underground is really exciting and very challenging.
Another popular beach is at Borth-y-Guest where pupils can rock scramble and have fun on the rocks.
Canoeing is one of the most popular activities with the pupils at the Centre. They love to master the paddle and do not notice that they are getting wet.
It is such a lovely place to visit some people decided to form a group to help support the Centre.
Friends of Plas Dol-y-Moch
A friend is one of the nicest things to have and one of the nicest things to be!
What is the basis for the Friends of Plas Dol-y-Moch?

- About 100,000 Coventry citizens have been to Dol-y-Moch since 1966.
- The “Dol-y-Moch experience” is possibly the most remembered from Coventry schooldays for ex pupils from the last 45 years.
- The goodwill and support across the city has never been harnessed to its full potential.
✓ The Friends are an independent charity.

✓ The Friends will aim to raise funds for projects which the Centre itself cannot afford.

✓ This in turn will extend the opportunities already offered by the centre and add value to the work of the already highly successful the Centre.
